Reaction Sets In Following In Munich Pact

Men Responsible For Major Nations Do Not
Place Much Confidence In Possibility
Of "Peace In Our Time"

It is peace? That is the question all Europe is asking today as a result of the Munich conference. Returned to London after following every phase of the European crisis, Webb Miller, United Press European manager and famous war correspondent, reports in the following dispatch on the prospects for maintaining "peace in our time"—EDITOR'S NOTE.

LONDON, Oct. 8.—After Europe's first explosion of joy in the belief that dismemberment of Czechoslovakia under a four-power agreement had avoided war, a definite reaction has set in. There are now doubts that permanent peace has arrived.

NAZI VICTORY IN EUROPEAN CRISIS GROWS

Long-Range Outlook For
Lasting Peace Is Now
Diminished

By JOE ALEX MORRIS

Exclusive Cable to Edmonton Bulletin

BERLIN, Oct. 8.—The extent of Adolf Hitler's victory in the central European crisis increased today and the long-range outlook for lasting peace diminished. The technicalities of triumph for the Nazi Fuehrer remain to be determined finally by an international commission fixing the boundaries of Czechoslovakia, but already Hitler has...

1—Gained confidence in the Sudetenland that specified under the Munich four-power pact plan. The final area taken from Czechoslovakia is probably will total between 6,000 and 7,000 square miles. Several districts Hitler demanded in his Goebbels ultimatum will remain Czech so that the final result probably will be a pro-German "compromise."

2—Forced the resignation of Czech President Edvard Benes and brought the republic into the Nazi economic and political orbit, ending what Nazis termed the Communist threat from Russia to Europe.

3—Broken up the French system of central European alliances, convincing Germany and convincing the small nations of the value of friendship with Germany.

But Hitler has done more than score a triumph—he has made the job of guaranteeing the future peace of Europe more risky in the long run by convincing British leaders that he intends to dominate the continent. Never in history has Britain seen a great power arise in Europe which eventually did not endanger the safety of the British Empire and lead to war.

The task of overcoming that danger centers now in the negotiations continued on Page 2, Col. 4

Chinese Guerrilla Fighters Ambush Convoy, Kill 31

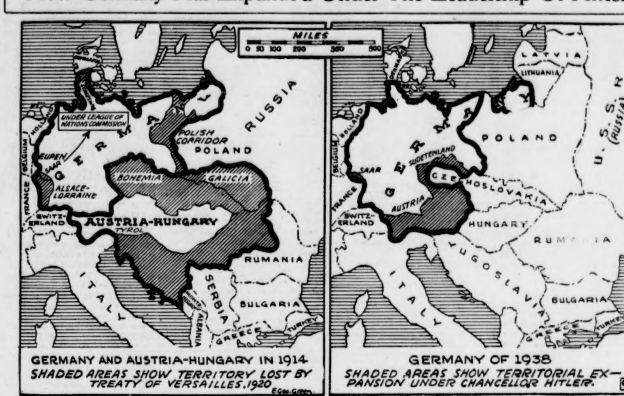

SHANGHAI, Oct. 8.—Chinese guerrilla fighters, redoubting their activity in the Shanghai area, today ambushed a convoy on the Wuchang road, killing 31 persons. Observers here feared overhauling of Chinese Republican Day Monday would be marked by further attacks by the irregular units operating in Japanese-occupied areas.

In ever living memory of the officers, non-commissioned officers and men of the 4th Battalion (Edmonton Regiment) who were killed in action, or died of wounds received, during the attack on the 8th of October, 1918.

How Germany Has Expanded Under The Leadership Of Hitler

This self-explanatory map shows how Germany has expanded under Fuehrer Adolf Hitler. The German Fuehrer has acquired the Saar Basin by plebiscite; Austria by bloodless conquest and the Sudetenland of Czechoslovakia by threat and negotiation. There are six remaining regions open to part of Germany and Austria-Hungary, but German may be delayed.

Yankees Take Third Game Of Series 5 To 2

Dickey and Gordon Hit Homers As Yankees
Take Strangle-Hold on Series—Marty
Gets Circuit Swat for Cubs

CUBS 000 010 010—2 5 1
YANKS 000 022 015—5 7 2

YANKEE STADIUM, NEW YORK, Oct. 8.—Monte Pearson struck out nine batters and yielded only five hits as he pitched the champion Yankees to a 5-2 victory over Chicago Cubs in the third game of the World Series here today. Joe Gordon, rookie second baseman, knocked around three runs with a single and a home run as the Yankees drove Clay Bryant from the mound and gained their third straight triumph. Bill Dickey and Joe Judge also hit homers.

FIRST INNING
CUBS: Hack walked. Herman also walked on five pitched balls and the crowd let out a yell. Pearson was having trouble cutting the corners. The Yankees infield played in chaos as Cavaretta came to bat. Cavaretta sent a high fly to Dimaggio in short right center, swinging at a high pitch. Marty singled to deep right. From the stands as he came to the plate, Hartnett struck out, swinging at a third strike that broke inches wide of the plate.

NO RUNS, ONE HIT, NO ERRORS, THREE STRIKE-OUTS.

YANKS: After fouling one pitch into the left field stands, Cavaretta struck out, swinging at a high breaking pitch for the third strike. He popped to Jurgens on the right back of second base. Marty batted alone in the wall in right center to "Heurich's fly."

NO RUNS, ONE HIT, NO ERRORS, THREE STRIKE-OUTS.

SECOND INNING
CUBS: Cub fans were liberally sprinkled through the stands and cheered each batter as he came to the plate. Collins struck out on a high outside pitch as Jurgens went up. Pearson, having worked his way out of a bad hole in the first inning, was pitching much easier in this frame. Jurgens worked the count to two and two, then fanned. He was Pearson's fourth straight strikeout victim. Bryant went all the way to home on a sacrifice bunt. The ball was caught in the box back of first base. Pearson took Hack's roller and beat him.

BERLIN CLAIMS ARMS PROBLEM IN BACKGROUND

All International Talk
About Disarming Said
Decidedly Premature
By LOUIS LOCHNER
Associated Press Foreign Staff
BERLIN, Oct. 8.—All international disarmament plans which Hitler may have been branded "decidedly premature" today by a foreign office spokesman.

"Our top men and those who discuss foreign policies in other capitals have so many immediate things to worry about that the disarmament question is necessarily in the background," the official asserted.

RESTRICTION IN USE
Although Adolf Hitler who is due to Field Marshal Hermann Wilhelm Goerring said that "our Fuehrer does not believe disarmament or even the limitation of armaments as hostages was taken to there has been first a restriction in the use of armaments."

(A Reuters News Agency dispatch from Prague said the Czechoslovak armistice during the night and declared an amnesty for Sudeten German, Hungarian and Polish political prisoners.)

Nazi diplomats seek a French-German agreement similar to the agreement between Chancellor Hitler and Prime Minister Chamberlain at Munich, Oct. 1, that Germany and Britain would never fight each other again.

Brockington Coming
Leonard W. Brockington, K.C., of Winnipeg, president of the Canadian Broadcasting Corporation, is scheduled to arrive in Edmonton Monday on a brief periodic visit.

Reconstruction Of Chamberlain Cabinet Likely

By J. F. SANDERSON
Canadian Press Staff Writer

LONDON, Oct. 8.—Reconstruction of the Chamberlain cabinet is regarded as a distinct possibility in political circles.

Prime Minister Chamberlain may not fill the admiralty post vacated by Alfred Duff Cooper for some days and it may be used for a general reshuffle of portfolios. Viscount Halifax, lord president of the council, and Lord Magdalen, lord chancellor, are two elderly members of the cabinet who may step aside, both having finished recently to friends they find their duties onerous.

One of the men mentioned for the admiralty post has been Viscount Runciman, but this may not come true. In some quarters Lord Runciman is reported to be the Prime Minister's choice to reorganize the merchant marine and waterways.

The announcement of this plan may be made before parliament meets.

Mr. Chamberlain may not complete the whole reconstruction until a few days before parliament reassembles Nov. 1.

COL. DUNWOODY NEW PRESIDENT OF CAVALRYMEN

Eden Expresses Deep Gratitude For Chamberlain

BIRMINGHAM, England, Oct. 8.—Anthony Eden, speaking here Friday night on "Democracy and the Art of Being a Citizen," paid a new tribute to Prime Minister Chamberlain, but voiced his anxiety over growing inroads on liberty in continental Europe.

"The methods of other countries cannot be ours," the former foreign secretary said. "We shouldn't want to be as they are, but there is every reason why we should seek to learn from them where we can."

"The recent crisis has shown the deep-seated quality of discipline in this country. It is of the utmost importance to see that it isn't lost on the rising generation."

"In this country we believe the only kind of discipline worth having is discipline from within—the rule of men by themselves. We don't regimentation and imposed regulations. We cannot help it. It is in our bones."

Mr. Eden was unstinting in his praise of the Prime Minister.

Whatever our political views there is not one of us who does not feel the deepest gratitude to the prime minister for his untiring personal efforts these last few weeks," he said. "We would each of us."

NAZIS ANNEX 11,500 SQUARE MILES GROUND

Hitler Ends Inspection Today—Nazis Cough Czechs' Raw Goods

BERLIN, Oct. 8.—Germans expect Friday night to see the last of the four Sudetenland provinces delivered to the Munich conference.

The army prepared to advance before the fifth zone delimited by the international commission in Berlin, German troops Friday moved to the international commission the last of the four Sudetenland provinces delivered to the Munich conference.

When the fifth zone is occupied completely by Oct. 10, the last of the four Sudetenland provinces will have annexed 11,500 square miles. That was the last of the four Sudetenland provinces delivered to the Munich conference.

LARGE AS SAXONY
There were no official estimates of the area of the zone, but the economic state of the Sudetenland is comparable to the state of Saxony—11,500 square miles.

Other developments Friday included:

1—Germany released 138 Czechoslovak hostages, who had been held before the Munich conference. Czechoslovakia ready to discharge all prisoners not under sentence.

2—Successful conclusion of negotiations for a trade agreement between Germany and Czechoslovakia. The agreement was signed by the German Foreign Minister and the Czechoslovak Foreign Minister.

3—Hitler will end his first Sudetenland visit today and on Sunday he will open a new theatre, the "Sudetenland," in the city of Prague.

Government circles here said they may make an "important, perhaps historic" move on French-German relations.

A brief talk yesterday in the Bundestag market place Hitler declared that when the last of the Sudetenland zone was delivered to the Munich conference, the territory would be for ever and ever a part of the German nation.

TACKLE PROBLEM
The economic sub-committee of the international commission, set up under the Munich accord, Friday tackled the problem of the Sudetenland zone, which was to be under German control.

It was learned recently on question it was trying to settle was the disposition of the reserve materials, such as cotton, wool, wood, which various Czechoslovak industrial concerns produce.

It was said the Germans would like to take these raw goods as much as possible, but the Czechs would not like to see them go to Germany.

Back In U.S. EAST MILKING WEST ASSERTS MAYOR PINDER

Saskatoon's Chief Executive Takes Exception To Hepburn's Statement

SASKATOON, Oct. 8.—During the past 20 or 40 years, there has been a question of the east milking the west, and not the west milking the east.

Mayor Pinder declared in a statement Friday in taking issue with Premier Mitchell Hepburn's statement, who is an address on Vancouver, said Ontario had been the "milk cow" for western Canada.

Ottawa, Mayor Pinder continued, is a slow but steady advance in its wealth to the extent of 10 per cent provided by the west. It was not a question of the east milking the west, and not the west milking the east.

He said that the west was not a question of the east milking the west, and not the west milking the east.

Bluenose Begins Defence of Fishing Schooner Sailing Title Sunday

CANUCK FISH BOAT IN BOSTON FOR CONTEST

Gloucester Will Make U.S. Bid For North Atlantic Trophy

BOSTON, Oct. 8.—Two sturdy schooners, rivals of an age that has passed, arrived at Boston harbor Friday to dispute the sailing championship of the North Atlantic fishing fleets.

The two schooners will go to the starting line off Boston at 8 a.m. M.T. Sunday for the first of a three-day series of races.

RACE 20 YEARS OLD

The international trophy was offered nearly 20 years ago by Senator W. H. Donnell, Halifax newspaper publisher, in the hope of stimulating development of faster fishing schooners and preserving a type of vessel recognized the world over for its fine sailing qualities and seaworthiness.

Since then development of diesel engines has virtually stripped the fishing fleets of canvas, and it was so many years since two fishing schooners arrived at Boston under sail that every whistle along the water front seemed to have been tied down in welcome and admiration.

Typical of the two rivals for the North Atlantic trophy were not moved up until they were well up the harbor. Next, headwinds were eased and fairly the big mainmasts. A tug finished the chore of docking the contenders at the fish pier.

STAYS WITH VESSEL

An attempt to lure Captain Walters of Lunenburg, N.S., aboard a welcoming ensign carrier to hurry him to a civil luncheon failed when he refused to quit his vessel until he saw her safely docked.

There were many speeches at the luncheon, with the friendship between Canada and the United States the keynote, but the only one reported in full was that of Captain Pine:

"May the best boat win."

Captain Walters also exposed friendship between the two countries, but he drew years of laughter with the reservation that "friendship means when we cross the starting line."

Briton Asserts Canadians Don't Know How Cook

VANCOUVER, Oct. 8.—W. Boddy, British restaurateur and expatriate from Minehead, Somerset, England, Friday threatened to have his wife show Canadian hotel chefs "how to cook" as he expressed disappointment with Canadian food.

The food seemed progressively better as he crossed from east to west, said Mr. Boddy, who claimed to come from "a land of beautiful cream, beautiful milk, beautiful vegetables, beautiful steaks and beautiful women," but it was none too good.

"I don't know what you do to your vegetables," he said, "but they have an unhealthy brown color. The only conclusion I can reach is that you don't know how to cook them."

And as for steaks: "You see you don't know how to make the gravy; now, my wife could show you how."

Hiding The Tracks

KITCHENER, Ont., Oct. 8.—A big mystery in police circles here was why a person should steal a bicycle and place it on railway tracks. Police said it might have been a raffle car which passed over the machine, grinding it to fragments.

Gave Jews A Chance

KITCHENER, Ont., Oct. 8.—Public school athletes held their field day October 3 instead of the following day, the school board, fearing October 4 was a Jewish holiday and about 20 Jewish athletes couldn't compete that day.

Radio City Music Hall. A religiously regular patron of the theatre, 70-year-old Mrs. Edna M. A. Elliott, was awarded the privilege of entering before the show opened, while the ballet was rehearsing. Between Mrs. Knicker and Mr. Elliott, she thought nothing of it until, when the aged woman died recently, the donor was notified that she had been left a legacy reported to total \$60,000.

ARCHBISHOP RICHARDSON DIES, AGE 69

Anglican Metropolitan Of Ecclesiastical Province Of Canada Passes

FREDERICTON, Oct. 8.—Most Rev. J. A. Richardson, Anglican Archbishop of Fredericton and Metropolitan of the ecclesiastical province of Canada, died late Friday at the end of 38 years in the priesthood.

The 63-year-old cleric, at the age of 38 the youngest cleric in the British Empire to attain the rank of Bishop, was Fredericton's first Archbishop of his denomination. He was enthroned Archbishop and Metropolitan in 1934.

FIGHTS FOR LIFE

For days he had hung weakly to life, weakened by anemia. Since Sept. 14, when he was stricken seriously, his condition had improved, though he had been in failing health for a long time.

Archbishop Richardson, whose province embraces the Dioceses of Nova Scotia, Fredericton, Quebec and Montreal, had been Bishop of Fredericton since 1907. He became Metropolitan on the death of Most Rev. Clare L. Worrell, Archbishop of Nova Scotia, who also was primate of all Canada.

His only son, Wilfred, died at Montreal in September, 1932. Surviving are his wife, daughter of the late Archbishop Forin, Winnipeg, and four daughters: Mrs. Bertram Clavidge, Melrose, Que.; Mrs. Mary, at home; and Edith and Phyllis, practicing nurses.

BORN IN ENGLAND

He was born at Warwick, England, and after his early education at Warwick grammar school went to Western Canada and engaged in Anglican church work. Resuming his studies at the University of Manitoba, he graduated with the degree of bachelor of arts in 1895, was ordained deacon and raised to the priesthood the same year. In 1898 he obtained a master of arts degree.

In 1897 he became first rector of St. Luke's Church, Fort Rouge, Winnipeg. A year later, at the age of 28, he was called to his native Trinity Church, University of N.B., where he remained until appointment as cathedral bishop.

He received the honorary degree of doctor of divinity from St. John's College, Winnipeg, and King's College, where the latter institution was located at Windsor, N.S., and a D.C.L. degree from Bishop's College, Lennoxville, Que.

Everything From Bible to Shakespeare Quoted At British Parliament Session

LONDON, Oct. 8.—The price of Munich has produced a renaissance of oratory in the House of Commons.

Members in the four-day debate quoted everything from the Bible to William Shakespeare to back their individual views of Prime Minister Chamberlain and the Munich accord.

The Prime Minister himself started it by repeating Hooper's speech out of Shakespeare's Henry IV.

"I put it this gentle, danger, we pluck this flower, safety."

But that didn't satisfy the erudite, well-read Arthur Greenwood, Labor.

"I think we had better have a little more of this famous quotation," Mr. Greenwood announced. Then, waving a thin vellum volume, he quoted:

"The purpose you undertake is dangerous; the friends you have named, uncertain; the time itself unsteady; and your whole plot too light for the counterpoise of so great an opposition."

Jubilant over his discovery, Mr. Greenwood shouted above the laughter: "In art two scenes there is another passage which I will not quote, beginning 'What He Chamberlain!'"

It was the most cheerful moment of the tense debate and it brought a shower of quotations from all corners of the House. Finally, A. V. Alexander, Labor, read from the Bible:

"The purpose you undertake is dangerous; the friends you have named, uncertain; the time itself unsteady; and your whole plot too light for the counterpoise of so great an opposition."

THIS CURIOUS WORLD

by WYMAN KEREUSKY

ANIMAL UNDERTAKERS!

MAN IS INCLINED TO LOOK WITH DISGUST UPON CERTAIN CREATURES OF THE ANIMAL WORLD, BECAUSE THEY FEED ON CARRION. BUT HUMANITY IS GREATLY INDEBTED TO THESE SCAVENGERS FOR THEIR WORK OF REMOVING DISEASE-SPREADING, DECAYING FLESH.

GREAT, HOMELY MARIBOU STORKS WANDER ABOUT THE VILLAGES OF INDIA, LOOKING FOR REFUSE, AND DEAD DOGS AND CATS ARE SWALLOWED AT A SINGLE GULP.

DEAD FISH THAT RISE TO THE SURFACE OF THE SEA ARE GOBBLED UP BY GULLS.

DICK TRACY

ALL RIGHT, GENTLEMEN—THIS WE KNOW—NUMBER 32 CRACKED UP IN THE STORM THE OTHER NIGHT—AND WE LOST A BIG ORDER! BUT BUSINESS CONTINUES AS USUAL.

MY SHORT WAVE INFORMS ME THAT THE BOVONIAN GOVERNMENT'S OTHER REPRESENTATIVE WILL FLY IN HERE WITHIN 24 HOURS—TO TAKE OUT AN ORDER OF TWO THOUSAND DRUMS AT A PROFIT TO US OF ONE MILLION DOLLARS.

AND WHEN SHE FLIES BACK—I THINK I SHALL GO WITH HER FOR A—UM—SORT OF A VACATION!

WITH HER?

YES, HER! BOVONIA'S OTHER AGENT, AND FINEST AVIATRIX, IS THE BEAUTIFUL BLONDE, HALONE, WHO INCURRED THE EXTREME JEALOUSY OF MARRO.

BUT WHAT WILL MARRO SAY? YOU KNOW HER ATTITUDE.

MARRO THINKS I AM DEAD! SHE SHOT ME IN THIS VERY BUILDING—SO WHAT?

KARPSE! ANOTHER OF OUR MEN IS DONE IN! A LEAKY VALVE DID IT—WHILE HE WAS FILLING A DRUM.

THE FOOLS! AREN'T THEY WEARING THEIR GAS MASKS?

BUT, KARPSE, THE NEW FURFURAL CYANIDE FORMULA WITH TRISALLET CARBON IS SO DEADLY IT WILL PERMEATE ANY GAS MASK. THAT'S WHY THE DRUMS ARE BEING FILLED UNDER SALT WATER.

VERY WELL—MAKE THE USUAL DISPOSAL—AND SNAP ON THE ADDRESS SYSTEM. I WANT TO GIVE THOSE STUPID PIGS ONE MORE WARNING.

MEANWHILE, IN A SMALL HOTEL ROOM IN THE NEARBY TOWN OF ENGEL—

OLD JIM TRAILER! IT'S CERTAINLY GOOD TO SEE YOU, JIM.

SAME HERE. IT'S BEEN SOME TIME SINCE WE WORKED TOGETHER ON A JOB. AND THIS ONE OUGHT TO BE A HONEY.

AFTER YOU CALLED ME IN WASHINGTON, THE BIG BOSS SAID TO GET OUT HERE AND GET ALL THE DOPE. WHAT IS IT?

JIM, WE'RE UP AGAINST A GANG THAT'S MANUFACTURING POISON GAS FROM SORGHUM MOLASSES—AND SELLING THE STUFF, APPARENTLY, TO FOREIGN INTERESTS.

POWERFUL PLANES ARE MAKING SECRET NON-STOP FLIGHTS FROM A POINT BEYOND THE BORDERS, BRINGING IN EMPTY DRUMS, AND TAKING THEM BACK FILLED WITH POISON GAS.

YEAH?

AN UNEXPECTED VISITOR CRACKED UP THE OTHER NIGHT. PAT AND I OBTAINED AN EMPTY DRUM AND A FRAGMENT OF THE PLANE BEARING THE MANUFACTURER'S NAME PLATE. LOOK!

GREAT CAESAR, YOU'RE RIGHT!
